

AMBERLEY TILE

Amberley is a loose-lay tile suitable for contract use. The loop pile construction gives good wear performance; the polypropylene yarn fibre imparts stain-resistant and easy-clean properties; and the bitumen backing gives stability to the whole.

SPECIFICATION

Construction	Loop pile tufted (1/10 gauge)
Fibre	100% polypropylene
Backing	Glass reinforced oxidised bitumen
Secondary backing	Spunbonded polypropylene
Tuft density	150,000 tufts/sq m
Pile weight (nominal)	560 g/sq m
Total weight (nominal)	4200 g/sq m
Pile height (nominal)	4 mm
Total thickness (nominal)	7 mm
Tile size	500 x 500 mm

PERFORMANCE

Wear Rating	Heavy Contract
Static electricity	Stroll test <2000 volts
Flammability BS4790	Low radius of char
Fastness BS 1006	Light 5 Water 4 Wet/Dry 4 Shampoo 4

INSTALLATION

Tiles should be laid on a smooth dry subfloor using an all-over application of a suitable tackifier adhesive, such as F Ball's F41. Tiles in the same room/area must be from the same dye batch (indicated on the box and on the back of the tile). Use protective mats under castor chairs.
